745 Easylam Poster Paper

Easylam Poster is a matt coated paper with an advanced paper construction to enable easy lamination and print processing. A key feature is its lay flat qualities when compared to other matt coated papers. A high resolution coating allows for fine definition printing. It has been tested with many laminates including hot films, with excellent results.

Physical properties	Weight	160 gsm
	Caliper	190 micron
	Brightness	>95 (ISO2470)
	Opacity	>90%

Features & Benefits

- * Advanced paper construction for dry cockling.
- * High resolution coating for fine detail printing.
- * Compatible with thermal and piezo printers.
- * Fast drying times
- * Suitable for hot and cold lamination
- * High white for colour vibrancy

Applications Exhibition, Display, P.O.S. Retail.
