

Product Technical Data Sheet

C323 – Ink Stripper

- A highly efficient cleaner for the removal of ink residues, with excellent solvency.
- Safer alternative to Methylene Chloride based cleaners, that does not carry the same carcinogenic association.
- Quick evaporating wash solution.
- Formulated using biodegradable components and is not classified as hazardous for the environment.

Applications

C323 is most commonly applied manually with a lint free rag to clean even stubborn ink deposits from unwanted areas of the press.

Properties

Flashpoint (°C)	~40C
Colour	Colourless
Water Miscible	Partially
Density / Specific Gravity	0.86 +/- 0.02
Voc Content / % Volume	90%
Odour	Ketone
UN Number	1993

Machine / Systems

C323 has been formulated for use on the majority of automatic and manual cleaning systems. These include Man Roland, Heidelberg, KBA, Komori and Mitsubishi presses.

Testing is always recommended to ensure suitability.

Storage, Shelf Life and Health and Safety

- Store in temperatures not exceeding 30°C and not falling below 5°C!
- Store on either pallets or racking in order to protect from cold floors.
- If left unopened and kept in the correct conditions this product has a shelf life of 12 months.

Labeling: GHS02: Flame
GHS07: Exclamation Mark
GHS08: Health

Usage: Will not give rise to any significant hazard provided reasonable standards of industrial practice are maintained.
