

100micron Matt Self Adhesive Vinyl

An 100mic calendared monomeric matt vinyl with a permanent adhesive on a single sided siliconised release liner. This product is suitable for solvent, eco solvent and UV curable inks. This vinyl gives exceptional colour density and vibrancy.

TECHNICAL SPECIFICATION

	Value
Thickness	100mic
Backing Paper	120gsm
Total Thickness	0.12mm
Adhesive type	Acrylic dispersion
Adhesion on steel	5.5N 24h contact time

AVAILABLE SIZES

1050mm	(41.3")	x50m	3" core
1372mm	(54")	x 50m	3" Core
1550mm	(61")	x 50m	3" Core

APPLICATIONS AND CHARACTERISTICS

- 3 - 5 year durability (vinyl)
- Outdoor permanent solvent free adhesive
- Moisture stable one sided siliconised release liner
- Non reflective matt surface structure
- Perfect for outdoor applications
- Produces high quality graphics
- Particularly suitable for flat surfaces

PRINTER COMPATIBILITY CHART

Printer and driver settings may need careful calibration to ensure optimum performance. Ink loads need to be calibrated for the combination of the printer and ink being used.

MANUFACTURER

MODEL

INKS

All of our products undergo thorough testing on all leading printers and with all major manufactured inks. But to guarantee that you get the best possible results every time from our products and printers inks, it is advisable to consult your representative.

APPLICATION NOTES

The application temperature is 10°C to 40°C. The temperature resistance is -20°C to +50°C.

STORAGE AND TRANSPORT

The ideal storage conditions for this product are 50% relative humidity with temperatures of +20°C to +25°C. We recommend that you always keep this product in its original packaging.
