Varn® Defoamer

Anti-foam additive for dampening systems

Speciality product for all printing applications and press types

Product Features

- Varn® Defoamer reduces or completely eliminates excessive foaming in dampening systems. It is highly effective and economical - usually one capful will be sufficient.
- Varn® Defoamer prevents air bubbles being transferred to the plate cylinder, which can produce dry spots on the plate.
- Varn® Defoamer is compatible with all types of fount solution concentrate.
- Varn® Defoamer is non-toxic and non-flammable.

Advantages of Varn® Defoamer

- Improves print quality.
- Active anti-foaming agents.
- Economical in use.
- Highly water miscible.
- Non-flammable.
